

SMART Board
MX Pro series
 with iQ TAA

The SMART Board® MX Pro series with iQ TAA enables government teams to deliver effective training, support operational planning, and share critical information with clarity.

Whether conducting briefings, analyzing data, or aligning teams, the MX Pro series with iQ TAA provides a reliable, easy-to-use experience designed for government applications.

55" | 65" | 75" | 86"

Available to purchase through most government contracts

TAA-compliant

The MX Pro series with iQ TAA is manufactured in North America.

Embedded operating system

SMART's embedded iQ OS comes with a built-in shareable whiteboard, ready to go templates, SMART Mirror screen sharing, and much more.

Enjoy free SMART software

SMART Meeting Pro and SMART Remote Management* included with every purchase.

Google EDLA-certified

Access Google, Microsoft, and other productivity tools through a certified Android environment.

Meet your way

Host and join meetings using on-premise video conferencing, or external meeting solutions.

Ink efficiently

SMART Ink desktop annotation software enables participants to directly annotate into PDF and Microsoft Office files without clunky overlays or app switching.

Interact without interference

Only SMART displays allow multiple users to simultaneously write, erase, and move objects on the display without interfering with each other's work.

Bring stability to your solution

Also compatible with our TAA compliant adjustable electronic stand (not included).

Make decisions with clarity

Sharper, brighter, and high-contrast visuals thanks to a 4K UHD LED display.

Write like pen-on-paper

Enjoy up to 50 touchpoints with pens, fingers, and erasers. Experience a smooth and accurate inking experience within any app.

Integrated audio for clear communication

40W integrated speakers and a 6-microphone array deliver clear audio and effective voice capture for collaboration and conferencing.

Set up with no fuss

Supports multiple HDMI, USB-C, USB-B, USB-A, and VGA ports. No additional adapters are required.

*Remote Management subscription is valid for the duration of the warranty.
